This 2024 BMW iX2 30 M Sport is a truly exceptional example, boasting incredibly low mileage of just 5984 miles for its age, making it a standout choice. As a BMW manufacturer approved vehicle, you can be assured of its quality and condition. This electric, four wheel drive model offers a substantial battery total capacity of 67 kWh, providing a maximum range of up to 267 miles when new. Charging is convenient, with a full charge at home using a 7kW charger taking approximately 9 hours and 10 minutes, while rapid public charging can replenish the battery from empty to 80% in as little as 33 minutes. The M Sport trim enhances its appeal, and it comes equipped with the helpful Parking Assistant, including a rear camera, to aid

manoeuvring. With only one owner from new, this iX2 represents a pristine opportunity. The performance of this BMW iX2 is truly impressive, with its ability to accelerate from 0 to 62 miles per hour in a swift 5.6 seconds, demonstrating its dynamic capabilities. This acceleration figure is a key highlight, indicating a more engaging driving experience compared to many other vehicles in its class. Furthermore, the generous boot space offers excellent practicality for everyday use and longer journeys, a feature that sets it apart for those who require versatility. The combination of its electric powertrain, four wheel drive system, and the sporty M Sport enhancements ensures a refined and capable driving experience.
