Description

With only 36078 miles on the clock, this 2018 Vauxhall Corsa is a great option. As an Energy trim in the i Energy variant, it features a 1.4L petrol engine and meets Euro 6 emission standards. The car includes the Winter Pack, which provides heated seats and a heated steering wheel for those chilly mornings. The R4.0 IntelliLink touch-screen infotainment system, complete with Bluetooth connectivity, ensures you stay connected and entertained on the move. One of the car's key advantages is its low insurance group, which means it could be more affordable to insure than similar vehicles. The Vauxhall Corsa combines practical features with modern technology, making it a solid choice for those seeking a reliable and economical car.
