Fuel Consumption	51.4 milesPerGallon

Description

This 2019 Ford Kuga TDCi ST-Line Edition presents a compelling proposition with its remarkably low mileage of just 38,383 miles for its age. As a Euro 6 compliant vehicle, it benefits from low CO2 emissions, making it an efficient choice. This ST-Line Edition is equipped with a responsive 2.0L diesel engine and boasts the desirable Technology Pack, which includes a branded sound system, Xenon headlights, and a rear camera for enhanced parking assistance. Further convenience is provided by the Ford Key Free System for keyless entry and start, alongside rear parking sensors. The Kuga ST-Line Edition also features the Ford SYNC3 DAB Navigation System, offering seamless integration with Android Auto and Apple CarPlay, as well as Bluetooth connectivity for your devices. The inclusion of Active City Stop provides an added layer of safety by helping to prevent low speed collisions. These features collectively demonstrate how this particular Ford Kuga offers a superior driving experience and a more advanced specification compared to many other vehicles in its class.
