Description

This 2025 BYD Dolphin Comfort is a superb example, having had only one owner since new. As an electric vehicle, it boasts a substantial 60 kWh battery, offering a maximum range of 265 miles on a full charge. This model comes equipped with advanced LED headlights that automatically adjust, alongside a comprehensive 360 degree camera system that includes parking assistance and three rear parking sensors, making manoeuvring effortless. Inside, you can seamlessly integrate your smartphone with Apple CarPlay and Android Auto. The BYD Dolphin Comfort truly stands out with its impressive performance, accelerating from 0 to 62 miles per hour in just 7.0 seconds, a speed that surpasses many in its class. Furthermore, its rapid charging capability allows for an empty to 80% charge in as little as 41 minutes, minimising downtime. This

electric car also offers generous boot space, providing ample room for all your needs, making it a practical and efficient choice for everyday driving and longer journeys.
