### Description

This 2022 Nissan Micra IG-T N-Sport is a superb example, having had only one owner since new. It boasts a responsive 1.0 litre petrol engine, meeting Euro 6 emissions standards, and comes in the stylish N-Sport trim. You'll appreciate the convenience of automatic air conditioning with climate control, and the ease of Nissan Intelligent Key with keyless entry and an engine start button. Navigating tight spots is made simple with the rear parking camera, and the automatic headlights, featuring LED technology, ensure you always have optimal visibility. This particular Micra offers a host of features that set it apart. The inclusion of automatic headlights and LED lighting provides enhanced safety and a modern look. The rear parking camera is a valuable aid for everyday driving, making parking less of a chore. Furthermore, its low insurance group rating indicates that running costs are likely to be more affordable compared to similar vehicles, making it an attractive choice for many drivers.
