Description

This 2026 BYD Sealion 7 Comfort is a well-maintained electric vehicle that has had only one owner from new. As a modern electric SUV, it comes equipped with a range of practical features designed for convenience, including keyless entry and start, and a driver seat that offers eight-way electrical adjustment with memory settings. Technology is integrated seamlessly through Apple CarPlay and Android Auto, while parking is made simpler by the inclusion of a 360-degree camera system. For those needing extra utility, the vehicle is also fitted with a towbar. The Sealion 7 stands out for its balance of performance and practicality, offering an impressive 0-62mph acceleration time of 6.7 seconds. Its 83 kWh battery provides a maximum range of 300 miles, making it suitable for longer journeys, while the ability to charge from empty to 80 percent in just 36 minutes at a fast public charger ensures minimal downtime. When charging at home using a 7kW unit, the battery reaches full capacity in 13 hours and 30 minutes. Beyond its performance, the vehicle offers a large boot space, providing the versatility needed for daily errands or family trips.
