### Description

This 2025 Kia EV4 GT Line S is a superb example, having had only one owner from new. As an electric vehicle, it boasts an impressive 81 kWh battery, offering a maximum range of 362 miles on a full charge. For convenience, it features wireless Apple CarPlay and Android Auto, a wide front sunroof with tilting and sliding functions, and a 360 surround view monitor for effortless parking assistance. The customisable head up display and automatic headlight control further enhance the driving experience. The generous boot space provides ample room for all your needs, making this EV4 a practical choice. Its exceptional 362 mile range highlights its capability for longer journeys,

setting it apart from many other electric vehicles. When you need to recharge, a full charge at home using a 7kW charger takes approximately 35 hours and 44 minutes, while the fastest public charging can take the battery from empty to 80% in just 35 minutes.
