Description

Delivery Mileage Car. Huge Saving on New Price
Boasting an incredibly low mileage of just 50 miles for its 2026 registration, this MG MG4 SE Long Range presents a remarkable opportunity for discerning buyers. As a single owner vehicle, it benefits from exceptional provenance, ensuring it has been meticulously cared for. This electric model features a substantial 64 kWh battery, offering a maximum range of 288 miles when new, perfect for both daily commutes and longer journeys. The MG4 SE Long Range is equipped with advanced Projector LED headlights and automatic headlights for enhanced visibility, alongside rear parking sensors to aid manoeuvrability. For a more

relaxed driving experience, it includes adaptive cruise control, and seamless integration with your smartphone is provided through Apple CarPlay. Charging is convenient, with a full charge at home taking approximately 10 hours using a 7kW charger, and a rapid charge to 80% achievable in just 34 minutes at a public charging station. The generous boot space further adds to its practicality, making this MG4 an outstanding choice.
