Description

This 2026 BYD Atto 2 Boost is a superb example, having been owned by just one person since new. This electric vehicle, presented in the Boost trim, boasts a 51 kWh battery offering a maximum range of 214 miles. When you need to recharge, it can reach 80% capacity in as little as 43 minutes at a public charging point. The Atto 2 is equipped with advanced safety and convenience features, including Blind Spot Detection with Blind Spot Assistance, a 360 Degree View Camera system for effortless parking, and automatic on off LED headlights. Inside, you'll find a heated driver's seat for comfort and a panoramic roof with an electrically adjustable sunshade, creating a bright and airy cabin. The BYD Atto 2 Boost stands out with its comprehensive suite of features designed to enhance your driving experience. The inclusion of Blind Spot Detection and a 360 Degree View Camera offers superior awareness and ease when navigating tight spaces, setting it apart from many other vehicles. Furthermore, the combination of LED headlights and a panoramic roof with an adjustable sunshade provides both improved visibility and a more pleasant atmosphere for all occupants, demonstrating a thoughtful approach to design and functionality.

Alliance Centre, Greenwell Road, Aberdeen, United Kingdom, AB12 3AX
