Description

This 2026 BMW iX1 20 M Sport is a superb example, having had only one owner since new. This electric vehicle, presented in the M Sport trim, offers a compelling blend of performance and practicality. It boasts a 67 kWh battery, providing a maximum range of 310 miles, making it ideal for both daily commutes and longer journeys. Charging is convenient, with a full charge at home taking approximately 9 hours and 10 minutes using a 7kW charger, while rapid public charging can replenish the battery from empty to 80% in just 33 minutes. The M Sport Pro Pack enhances the already impressive specification, which includes Perforated Veganza upholstery in Black. Visibility is optimised with automatic headlights and other visibility functions. Comfort is assured with seat heating for the driver and front passenger, alongside automatic air conditioning with climate control. The iX1 also offers

generous boot space, a significant advantage for carrying luggage or shopping. These features collectively highlight how this BMW iX1 surpasses expectations, offering a refined and capable electric driving experience.
