Description

This 2026 BYD Sealion 7 Excellence is a superb example, having had only one owner since new. This electric, four wheel drive SUV offers a substantial 91 kWh battery, providing a maximum range of 312 miles on a full charge. For convenience, it features front and rear parking radars with parking assistance, a heads up display, and keyless entry and start. Inside, you'll appreciate the driver's seat which is both ventilated and heated, with memorised adjustment settings, complemented by a panoramic roof with an electrically adjustable sunshade. The Sealion 7 Excellence stands out with its impressive performance, accelerating from 0 to 62 miles per hour in just 4.5 seconds, demonstrating its dynamic capability. Its charging capabilities are also noteworthy, with a full charge at home taking approximately 14 hours and 54 minutes using a 7kW

charger, while rapid public charging can take the battery from empty to 80% in a swift 27 minutes. Furthermore, this model boasts a large boot space, offering ample room for luggage and shopping, making it a practical choice for everyday use and longer journeys.
