Description

This 2026 BYD Dolphin Design is a superb example, having had only one owner since new. This electric hatchback offers a generous 265 miles of range from its 60 kWh battery, making it ideal for both daily commutes and longer journeys. You'll appreciate the convenience of LED headlights that automatically adjust to lighting conditions, along with front parking sensors to assist with manoeuvring. Inside, stay connected and comfortable with smartphone wireless charging and heated front seats, ensuring a pleasant experience no matter the weather. The BYD Dolphin Design truly stands out with its impressive performance and practicality. Experience swift acceleration, reaching 0-62mph in just 7.0 seconds, a testament to its electric power. When you need to recharge, you can achieve an 80% charge in as little as 41 minutes at a public

charging station, minimising downtime. Furthermore, the Dolphin boasts a large boot space, offering ample room for shopping, luggage, or sports equipment, making it a versatile choice for various lifestyles.
