Description

This 2023 Volkswagen ID. Buzz Pro Style has been maintained by only one owner, ensuring a well-cared-for history for its next driver. This electric vehicle features an 82 kWh battery that offers a maximum range of 251 miles when new. It is equipped with 21-inch Bromberg black diamond turned alloy wheels and a mechanically swivelling, power-detachable trailer hitch. The vehicle includes the Open and Close Package Plus, which provides a keyless locking and starting system with SAFELOCK, alongside the Assistance Package Plus. This assistance package adds adaptive cruise control and a comprehensive parking system that includes a 360-degree camera and a front camera. It also comes with a Mode 2 Type 2 charging cable. The ID. Buzz stands out for its practical design, offering a large boot space that makes it a versatile choice for various needs. Charging is straightforward, with a full charge at home using a 7kW charger taking 11 hours and 25 minutes, while public rapid charging allows for a boost from empty to 80 percent in just 30 minutes. These features combine to offer a blend of convenience and modern technology, making it a capable option for those seeking an electric vehicle that balances daily usability with advanced driver support systems.

Alliance Centre, Greenwell Road, Aberdeen, United Kingdom, AB12 3AX
