Description

This 2022 BMW iX 40 M Sport Edition is an electric vehicle that has had only one owner from new and is BMW manufacturer approved. It features a 77 kWh battery that provides a maximum range of 256 miles when new. The vehicle is equipped with a four wheel drive system and offers a towing capacity of 2500 kg. Charging is straightforward, with a full charge at home using a 7kW charger taking 10 hours and 45 minutes, while the fastest public charging option can take the battery from empty to 80 percent in 34 minutes. The driving experience is supported by a 0 to 62 mph acceleration time of 6.1 seconds, ensuring responsive performance. Practicality is a key focus, with a large boot space and a fitted towbar for added utility. Inside, the cabin is equipped with front electric seats that include massage and memory functions, alongside storage for wireless phone charging. Visibility and manoeuvring are assisted by the Parking Assistant Pro system, which incorporates a 360 degree camera, front and rear sensors, and a rear camera. The exterior is finished with laserlights, providing advanced illumination for night driving.
