Description

This 2023 Volkswagen ID.4 Pure Life is a Volkswagen manufacturer approved vehicle that has been maintained by only one owner from new. As an all electric model, this SUV combines modern efficiency with the comfort of heated front seats, ensuring a pleasant driving experience regardless of the weather. The Life trim level offers a balanced specification, making this a reliable choice for those seeking a well cared for electric vehicle that is ready for its next journey. The ID.4 is designed for practical daily use, featuring a large boot space that provides ample room for luggage, shopping, or equipment. Its 55 kWh battery offers a range of 213 miles when new, and it is built for convenience with flexible charging options. You can charge the vehicle at home in 7 hours and 30 minutes

using a 7kW charger, or utilise public rapid charging points to reach an 80 percent charge in just 38 minutes. These capabilities make it a highly versatile option for both city driving and longer trips, offering a seamless transition to electric motoring.
