Description

This 2026 BYD Atto 3 EVO Excellence is a well-maintained vehicle that has had only one owner from new. As an all-electric model, this Excellence trim offers a high level of comfort and convenience, featuring heated and ventilated front seats, as well as heated rear seats for all passengers. The driving experience is supported by keyless entry and start, while parking is made straightforward with the inclusion of a 360 degree view camera and rear parking radars. The performance of this vehicle is notable, with its four wheel drive system capable of accelerating from 0 to 62mph in just 3.9 seconds. It is powered by a 75 kWh battery that provides a maximum range of 292 miles when new, and it supports efficient travel with a fastest public charging time of 28 minutes to reach 80 percent capacity. Beyond its impressive speed and range, the vehicle offers a large boot space, making it a practical choice for those who need extra room for luggage or daily essentials.
