Description

This 2026 BMW iX3 50 M Sport is an all-electric vehicle that has been kept by only one owner. As an M Sport model, it features a four-wheel drive drivetrain and is powered by a 113 kWh battery. This electric setup allows for a maximum range of 492 miles when new. Charging the vehicle at home using a 7kW charger takes 16 hours, while the fastest public charging option can take the battery from empty to 80 percent in 24 minutes. The vehicle offers a blend of performance and convenience, highlighted by its ability to accelerate from 0 to 62mph in 4.9 seconds and its large boot space. Drivers benefit from the Technology Plus Pack, which includes climate control, a head up display, and a premium branded sound system. The exterior features BMW Iconic Glow with automatic headlights, while the interior is enhanced by a panoramic glass sunroof with

climate comfort glazing and a heated steering wheel.
Parking is made easier with the Parking Assistant Plus system, which includes a 360 degree camera to assist with manoeuvring.
