Description

This 2021 Volkswagen ID.3 Pro Performance Style is an electric vehicle that comes with the reassurance of being Volkswagen manufacturer approved. As a fully electric model, it is designed to offer a modern driving experience while maintaining the build quality associated with the brand. The vehicle is equipped with a 62 kWh battery, which provides a balance of efficiency and performance for daily travel. Owners can charge the battery at home using a 7kW charger in 9 hours and 30 minutes, or utilise public rapid charging points to reach an 80 percent charge in as little as 37 minutes. The ID.3 stands out for its practical design and responsive handling, making it a capable choice for

those transitioning to electric motoring. When new, the vehicle offered a maximum range of 261 miles, allowing for longer journeys between charges. Drivers will appreciate the acceleration, as the car can reach 0-62mph in 7.3 seconds, providing a swift and smooth response on the road. Furthermore, the vehicle features a large boot space, which adds a layer of versatility and convenience for carrying luggage or shopping, ensuring it meets the needs of everyday life effectively.
