Description

This 2023 BMW i4 40 M Sport is a fully electric vehicle that has been maintained by only one owner from new. As a BMW manufacturer approved car, it offers peace of mind regarding its condition and history. With a low mileage of 30,800 miles for its age, this vehicle represents a well-cared-for example of the popular M Sport trim. The i4 is designed for efficiency and performance, featuring an 84 kWh battery that provides a maximum range of 351 miles when new. Drivers can achieve a 0-62mph acceleration time of 5.7 seconds, while public charging is convenient with the ability to charge from empty to 80% in just 34 minutes. For home charging, a full charge takes 12 hours and 30 minutes using a 7kW charger. Inside, the cabin is equipped with Vernasca leather upholstery in black with blue contrast stitching, heated front seats, and automatic air conditioning. Practicality is enhanced by a large boot space, while technology features include LED

headlights and a head-up display to assist the driver on the road.
