Description

This 2022 Volkswagen ID.5 Pro Performance Style is an electric vehicle that has had only one owner from new. As a Volkswagen manufacturer approved vehicle, it offers peace of mind regarding its condition and history. This model combines modern electric performance with the practical design expected from the Volkswagen brand, making it a reliable choice for those looking to transition to electric driving. The vehicle is equipped with an 82 kWh battery that provides a maximum range of 327 miles when new, allowing for longer journeys between charges. Charging is flexible, with a full home charge taking 12 hours and 40 minutes using a 7kW charger, while public rapid charging can take the battery from empty to 80 percent in just 30 minutes. Inside, the cabin features App Connect with wireless support for both Apple CarPlay and Android Auto, ensuring seamless connectivity for your devices. Additionally, the vehicle offers a large boot space, providing practical storage capacity that enhances its versatility for daily use and longer trips.
