Description

This 2020 Volkswagen ID.3 Pro Performance 1ST Edition is an all-electric vehicle that has been maintained by only one owner from new. With a recorded mileage of 34,968 miles, this example is considered low for its age and comes with the added peace of mind of being Volkswagen manufacturer approved. The ID.3 offers a practical balance of performance and utility, featuring a 62 kWh battery that provides a maximum range of 260 miles when new. Drivers can expect responsive acceleration, with the vehicle capable of reaching 0-62mph in 7.3 seconds. Charging is straightforward, taking 9 hours and 30 minutes for a full charge at home using a 7kW charger,

while public rapid charging allows for an empty to 80 percent charge in just 37 minutes. Beyond its electric capabilities, the vehicle provides a large boot space, making it a versatile choice for those seeking a modern and efficient driving experience.
