Description

This 2022 Tesla Model Y Long Range is an electric vehicle that has been kept by only one owner from new. It features a four wheel drive drivetrain and is powered by an 85 kWh battery. To provide peace of mind, the vehicle comes with a 6 month warranty and will be supplied with a fresh 12 month MOT upon purchase. The Model Y is designed for practicality and performance, offering a large boot space for your storage needs. It is capable of accelerating from 0 to 60mph in 4.8 seconds and provides a maximum range of 331 miles when new. Charging is flexible, taking 12 hours for a full charge at home using a 7kW charger, or as little as 25 minutes to reach 80 percent capacity at a

fast public charging station. Comfort and safety are prioritised with heated front seats, a heated steering wheel, and blind spot monitoring with assistance. Parking is made easier with rear sensors, and you can enjoy your music and media through the integrated Bluetooth system.
