Description

The 2025 BYD Sealion 7 Comfort is a fully electric vehicle that has had only one owner from new. This model is designed to offer a practical and modern driving experience, combining efficient electric performance with a range of helpful technology. It features an 83 kWh battery that provides a maximum range of 300 miles when new. Charging is straightforward, with a full charge at home using a 7kW charger taking 13 hours and 30 minutes, while public rapid charging allows for a boost from empty to 80 percent in just 36 minutes. This vehicle stands out due to its blend of performance and convenience features. It offers impressive acceleration, reaching 0 to 62mph in 6.7 seconds, and provides a large boot space for added practicality. Drivers benefit from advanced safety and comfort technology, including adaptive cruise control

and blind spot detection to assist on the road. Parking is made easier with a 360 degree camera system, while connectivity is seamless thanks to Apple CarPlay and Android Auto integration. Additionally, the cabin includes a 50W wireless smartphone charging pad, ensuring devices remain powered during journeys.
