Description

This 2025 BYD Seal Excellence is an electric vehicle that has been maintained with a full service history and has had only one owner from new. As the Excellence trim, this model features a four wheel drive drivetrain powered by an 83 kWh battery, which provides a maximum range of 323 miles when fully charged. The performance of this vehicle is notable, capable of accelerating from 0 to 62mph in 3.8 seconds.

Practicality is enhanced by a fast public charging time of 42 minutes to reach 80 percent capacity. The interior and driving experience are supported by a range of technology, including a fixed panoramic roof, a 360 degree camera for parking assistance, and automatic

headlights. Convenience is further improved with smartphone wireless charging, while safety is prioritised through the inclusion of blind spot detection.
